

KINDERGARTEN TEAM NEWS

SEPTEMBER

Week of 9/21-9/25

Parent Info:

I am sure that it seems like we are starting off so slow in kindergarten and that is because we are. We go over our letters and numbers - one each day. When we have a strong understanding of the letters and sounds we will move on to sight words. It is baby steps in the beginning. This is also true for practicing our names. We will move on to our last names but at this time I am looking for them to be writing their names on their papers and using the correct formation of the letters.

Please know we have been working hard everyday, although there hasn't been much going home we have some items hanging in our class, a class book that will stay with us till the last day, we have our ABC notebook and number packet too.

If you have any questions or concerns please contact the office or write me a note and I will call you ASAP.

This week we will be working on...

Reading/Phonics: We will be learning what makes a good reader and good listener. We will be discussing the parts of the book and how to treat books

Math: We are working on a number a day. We see the number represented several ways (ten frame, domino, counting dots, on our hands, word, ordinal number). We are practicing writing them as well.

Writing: We will continue to work on our names. We will also be working on drawing and coloring. This is important as it is the first stage of writing.

Alphabet: We are working on a letter a day and are putting our alphabet notebook together. We have worked on A-E and will continue this week.

SS/Science: We will start on our Social Studies unit All About Me unit. We will also talk about Johnny Appleseed and do some Science activities to go along it.

Special Happenings:

First Day of Fall: Sept 22nd

Johnny Appleseed Birthday: Sept 26th

Park Shore will be closed September 28th for Yom Kippur
