

# KINDERGARTEN TEAM NEWS

## Nov/Dec

## Week of 11/30-12/4

**Parent Info:** With Thanksgiving behind us it is time to start working on getting our class ready for the winter and the holidays. This year is going so fast I can't believe that it is time to even say holidays. We will be finishing up the rainforest this week. At some point next week we will take everything down and send it home. The room will look so empty when the tree is gone!

**Sight Words:** We will be finishing up our first sight word list this week. We will review the words-practicing reading and spelling and will be tested on them on Thursday/Friday. Continue to go over the words with your student each day. When they receive a new list please be sure to go over words from previous lists as well. Continued practice will help them as they read and write.

**This week we will be working on...**  
**Reading/Phonics:** We will continue to work on beginning and ending sounds. We will continue trying to spell words by stretching out the word. Reading "groups" will start this week. We will start off going over letters and their sounds, beginning and ending sounds, stretching out words, and sight words. We will eventually be getting readers. Due to having to keep ourselves distant I will be meeting with 1 or two students at a time. As we move forward this may change.

**Math:** We will continue with Unit 4 and should be done by the end of the week. We will then start Unit 5 this week which introduces numbers 11-20.

**Writing:** We will be finishing up our rainforest book. We will be working on drawing a picture and writing about it. We will work on labeling it for those not ready to write a sentence and a sentence for those who are. We will end this month with everyone writing (or trying) to write a sentence on their own.

**HWT:** We will continue working on this workbook. The kids like this activity and enjoy being able to tell me which of their letters they wrote the best by circling it.

**SS/Science:** We will be discussing what a neighborhood is and what we find in a neighborhood. We will be working on our addresses. We will also be finishing up our Rainforest.
