

KINDERGARTEN TEAM NEWS

FEBRUARY

Week of 2/8-2/12

Parent Info:

This is a fun week in Kindergarten. We will be spending the week talking about Valentine's Day and the presidents (Lincoln and Washington). We will also be talking about the Chinese new year (the year of the OX) We have many fun activities planned. We end our week with a Valentine's Day party on Friday. If you would like to send in some treats please feel free. We already have a student bringing in cookies. We can use juice, chips, fruit bars, etc. - truly anything that you would like to contribute is greatly appreciated. You do not have to wait till Friday to send anything in - feel free to send it in during the week.

The students are doing well on their sight words. It is so important to continue to go over the sight words (new and old lists) every day. This will help then as they read and write.

I hope you have a wonderful February break and I can't wait for the students to tell me all about their adventures when we get back.

This week we will be working on...

Reading/Phonics: We are working on word families. Last week we worked on -at this week we will work on -op. The students did such a great job putting words in ABC order and writing them. I am so proud of them!

Math: We will be finishing Unit 8 this week and will have a test on Friday. When we get back to school, after break, we will start Unit 9.

Writing: We are really working hard on writing sentences. We need to continue working on writing and using our own thoughts and ideas. We have done this by giving the students a picture and asked them to come up with their own sentence. We will continue this as we need them to think on their own and try to sound out the words. We have a fun addition to our writing time - I will send pictures of them when we show the students....

HWT: We will continue to work on our orange writing book. The kids even ask when we will do this.

SS/Science: We will be working on all the wonderful things that are happening this week. We will continue to work on our Solar System. Miss Dianne gave us a Science topic to do this week (The 5 Senses) and I will try my hardest to do all of it, but with all the events already getting done I am not sure if there will be time to get it all in. If we don't we will just add it to the week we get back.

Special Happenings:

School is closed Feb 15th - Feb 19th
Friday is our Valentine's Day Party
