

KINDERGARTEN TEAM NEWS

MARCH

Week of 3/15-3/19

Parent Info: We are starting our new class adventure. We will be visiting the 7 continents! This week we will be making our luggage and packed our clothes. Before each continent we will board Park Shore Air and fly to our destination. The children will get their passport stamped and then we will learn all about the continent that we landed in. This unit does have a lot of writing. Please know that a lot of the information that they will be writing will stay in class till the end of the unit.

At the end of the unit we will have our International Day. In years past we had the parents come in to see a presentation. This year we will be video taping the event and sending to all of you. We will have a special lunch for the students as well. This unit takes a long time to complete. We usually end in May. I hope they have a great time as we explore the continents together.

We finished up our Dr. Seuss study. Their work will be coming home the beginning of the week.

Please be sure to go over sight words. Not only words that we get this week but every once and a while take out their ring (that you should be adding to each week) and ask them to tell you the words or ask them to spell the word to you. Knowing these words will help with their reading and writing.

Report cards are being sent home this week. I hope that you got a chance to read them. Please send in the envelope signed. I will need them for the last report card that you will receive on the last day.

This week we will be working on...

Reading/Phonics: We are working on word families. We worked on -at, -op and -in. We will continue to work on -in and then start -it. We are working on vowels.

Math: We have started Unit 10. In this unit we talk about decomposing the numbers we worked on in unit 9. The students are doing well. We will continue to move forward and also review as we go.

Writing: We are really working hard on writing sentences. We will be doing a lot of writing as we learn about our continents.

SS/Science: We will start our new unit this week. We will be talking about the 7 Continents. This week will all be prep for the major portion of this unit. We will be talking about the names of the continents and packing our luggage and of course making our own passports for the many flights we will be taking during this time.
