

KINDERGARTEN TEAM NEWS

May

Week of 5/16-5/20

Parent Info: I can't believe how fast May is going. We are working hard on our writing, math, and sight words. The students Solar System packet was sent home last week. I hope they got to show you their work and maybe tell you a little about the planets.

ALPHABET: This week we will continue our backward alphabet (please see schedule on the HW page). Last week we had fun doing a rubbing art activity, we wrote with quills, we had a picnic, we wore orange and ate Oreos, and we picked a new name to have on Friday.

SIGHT WORDS: We are working hard on our sight words. We are all working on list 9. We have one more list - then we will have been introduced to 100 words - WOW!! Please be sure to continue to work on their sight words (ALLSIGHT WORDS). This will help them with their reading and writing.

GRADUATION: Graduation is on Wednesday 8th at 11:30. This is also the last day of school.

This week we will be working on...

Reading/Phonics: We are working on vowels. We are also working on story elements (setting, characters, problem, solution, etc).

Math: We will continue working on Unit 12. We should be on Unit 13 by the end of the week. We are a bit behind in math, but I will touch on each subject before the end of the year.

Writing: We have been using our themed word folders to make sentences. Each student is able to pick a folder on a specific theme and inside is words they can use to write sentences. They are supposed to come up with two sentences on their own. We will continue to do this. Some students are struggling with coming up with sentences and sounding out words.

HWT: It's the book that wont quit. We will continue to work on this. We are currently working on our numbers.

SS/Science: We will finish up our Solar System and send home all their work. We will finish up living and nonliving this week. We now have caterpillars in our class that we will be observing. We will talk about the life cycle of a butterfly. Miss Dianne has given us her science activity for the week and we will be talking about the life cycle of a frog as well.

Special Happenings:

- Park Shore will be closed for Memorial Day May 27th and the 30th .
 - Graduation is June 8th at 11:30
- 

KINDERGARTEN TEAM HOMEWORK

Week of 5/16-5/20
