### A note from the teacher...

Happy November to all of my Toddler families!

How is it possible that we have already been in school for two months!?

I'm sure many of you are witnessing your child grow stronger and more independent at home!

November brings a whole new set of skills for our toddlers! We love reading books and are now working on responsible reading with our individual books so we can read and keep our favorite books safe. We will continue working on potty training! We have had so many successes!
